

Package Infrastructure

SLU DSS 5: Functions & Packages in R
March 7th, 2018

Find Seminar Resources at:
<https://github.com/slu-dss>

The repository for this week is called [spring-2018-seminar-04](#).
Download it as a [zip](#) file and [extract](#) its contents to your Desktop.

Agenda for Seminar 04:

- Announcements
- Adding Functions to a Package
- Adding Data to a Package
- Checking the Package
- Other Package Infrastructure

Extra resources: We've posted links to some extra resources for working with functions and packages in the [README.md](#) file in this week's repository.

Upcoming events:

- March 28th at 1pm, Meta-Analysis Brownbag (Cort Rudolph)
- April 11th at noon, Accessible Data Analysis
- Fall 2018:
 - DSS 6 – Getting Started with R
 - Campus Meetup
